Council 2

November 2008

Are you registered to Vote? You know it must be election time again, unless you have been living in a cave.

Now just imagine if no one took the time to run for office, form a political party or go out and vote. Our entire governing system would collapse. Unthinkable isn't it.

As members of our society, we need to take an active role in our political system and likewise in our commitment to POWERtalk International, we need to take an active role in strengthening our organization.

If we can strengthen the clubs, it will strengthen the council, region and international levels.

One way to strengthen clubs is to increase its membership. This has been a goal for a number of years and we want to continue our efforts.

Before a member joins an organization, usually they are first a guest. This year let's focus our efforts on seeing how many visitors we can invite to our meetings. Also, don't forget to make this prospective member feel welcome and to invite them back again.

Let us all make a commitment to have a visitor at each club meeting.

Will you help strengthen your club?
